

> COMPANY PROFILE

Jiangsu Yawei Transformer Co., Ltd. is located in Hai'an City, Jiangsu Province, China. We are a professional manufacturer of power transformers and a supplier of high-voltage electrical equipment, mainly focusing on the power field, including substations, distribution systems, and transmission lines. Our global business enables us to stay at the forefront of emerging customer needs and solutions. Through years of international engineering experience, our factory is able to produce transformers that comply with various international standards such as IEC, IEEE, ANSI, CSA, EN, etc. From product development, design, production to manufacturing and testing, the Yawei team strictly controls every process. So far, our equipment has been exported to multiple regions such as South America, North America, Asia, Australia, Europe, and Africa. Since 1992, Yawei Transformer has completed multiple overseas projects. We are confident in winning any project, which will help our potential customers become more competitive in the global market. For Yawei, our mission is to put people first, strive for development through technology, compete for the market through quality, and create benefits through brand. We focus on continuous improvement and strive for the green development of electrical equipment. The Yawei team is composed of experts and professional knowledge, helping us quickly solve customer problems. Whether selecting the current product from our catalog or seeking engineering assistance for your application, please contact our customer service center to discuss your procurement requirements.

Main products:

Transformers (main transformer, single-phase transformer, pad mounted transformer, distribution transformer, mobile substation, transformer tank, radiator, electromagnetic wire)

JIANGSU Yawei TRANSFORMER CO.,LTD

Professional transformer manufacturer Up to 240MVA

Product
Selection
Guide

Single-phase oil-immersed transformer

Single phase pad mounted transformer

Pad mounted transformer

Oil-immersed transformer

35KV Oil-immersed transformer

Power transformer

Epoxy-resin Insulation Dry-type Transformer

Compact substations

GGD type low voltage power distribution cabinet

Rectifier transformer

H CLASS non-enclosed dry-type transformer

Three-phase dry isolation transformer series

10kV corrugated tank

35~500kV power transformer tank

Radiator

Enameled round copper(aluminum)wire

Enameled copper (aluminum) rectangle wire

Insulation materials for oil immersed transformers
